- I have participated in speech competitions in schools and colleges, and I have won prizes
- I participated in the PowerPoint presentation conducted in the department and succeeded

CERTIFICATE

- **Iot Development**
  Internship
  Grandiose academy private limited

- **Python pandas data analysis**
  Growai an edtech company

- **Machine learning workshop**
  St Joseph college of engineering
  Sriperumbudur, Chennai
  Certificate of participation

- **Certificate of national level online artificial intelligence work shop**
  Mannar thirumalai naicker college

- **Python - Tkinter**
  Great learning
  Online course complete certificate

OBJECTIVE

I am doing my final year M.Sc. In Computer Science at Arulmigu Kalasalingam College of Arts and Science. I am a fast learner, and I am always curious to learn new things. I have a strong interest in IoT and Python, and I enjoy working on practical, real-time projects. I am a hardworking person; once I start something, I give my full effort until it's successfully completed. I'm now looking for an opportunity to apply my skills and grow in the field of technology.

EXPERIENCE

- **Tutor - Gsv Academy**   **- 5 Years**
  I have been teaching Tamil, math, social studies, and computer science to students for the past five years at GSV Academy. I have been looking at this as a part-time job

- **Data Entry Operator - Hotel Kathiravan**   **- 4 Years**
  I have been working as a data entry operator part-time in a hotel for the past four years

- **Iot Developer|Grandiose Academy Private Limited**   **- 8 Months**
  I have done a small project at IoT. I have worked indent in this company.

EDUCATION

Master Of Science - Computer Science Arulmigu Kalasalingam College Of Arts And Science	**up-to 3 semester 71%** 2025
Bachelor Of Science - Information Technology Arulmigu Kalasalingam College Of Arts And Science	**82%** 2023
HSC G.S.Hindu Her Sec School	**52%** 2020
SSLC G.S.Hindu Her Sec School	**75%** 2018

PROJECTS

IOT-BASED STUDENT ATTENDANCE AUTOMATION I created a smart attendance system for my final year M.Sc. project that replaces manual registers Using IoT and RFID, it automatically tracks student attendance and stores the data digitally for easy access and analysis,	2025
RAINFALL PREDICTION USING MACHINE LEARNING Rainfall prediction using machine learning is a project designed by me while learning Python. It can predict rainfall using Tkinter Framework and ML	2024
NLP BASED CUSTOMER REVIEW ANALYSIS NLP-based review analysis, review analysis of positive, negative, or neutral sentiments, and text-to-speech using Python NLP.	2024
COLLEGE DEPARTMENT MANAGEMENT SYSTEM I developed computer applications using Python and SQL to integrate all the information related to my Department	2023
